

TODAY'S STUDENTS. TOMORROW'S LEADERS.

WHAT OUR ALUMNI SAY:

My favorite part of the G20 was the ability to surround myself with like-minded individuals who are ambitious to learn and make a difference in the world.

The world's premier program for youth committed to global leadership.

At our six global programs, held in locations around the world, high school students learn by acting as world leaders. This realistic, intensive G20 Summit simulation focuses on negotiation and networking. Students lead "their" country to global success by drawing upon classroom lessons, workshops, and training sessions.

We hand select 20 of our brightest students and bring them to the Youth 20 Summit, the most exclusive and only official youth engagement program of the G20 Forum. Participants work directly with Y20 delegates on today's most pressing topics and present findings to international leaders.

Send your students to the Model G20.

Designed for exceptional high school students, the Model G20 program is an international forum for the leaders of tomorrow to learn about and engage in global politics. The intensive, 9 or 12-day Model G20 augments classroom lessons and provides an experiential learning experience unlike any other.

Students attend workshops with world leaders and renowned speakers, role-play as diplomats in a realistic and cross-cultural G20 Summit, and make new friends from around the globe. All while experiencing some of the world's most dynamic cities.

AN UNFORGETTABLE EXPERIENCE THAT PREPARES STUDENTS FOR COLLEGE, CAREER, AND BEYOND.

PRIVILEGED ACCESS

Students interact with heads of state, the world's leading policymakers, scholars, entrepreneurs, diplomats, and professors from top universities around the world.

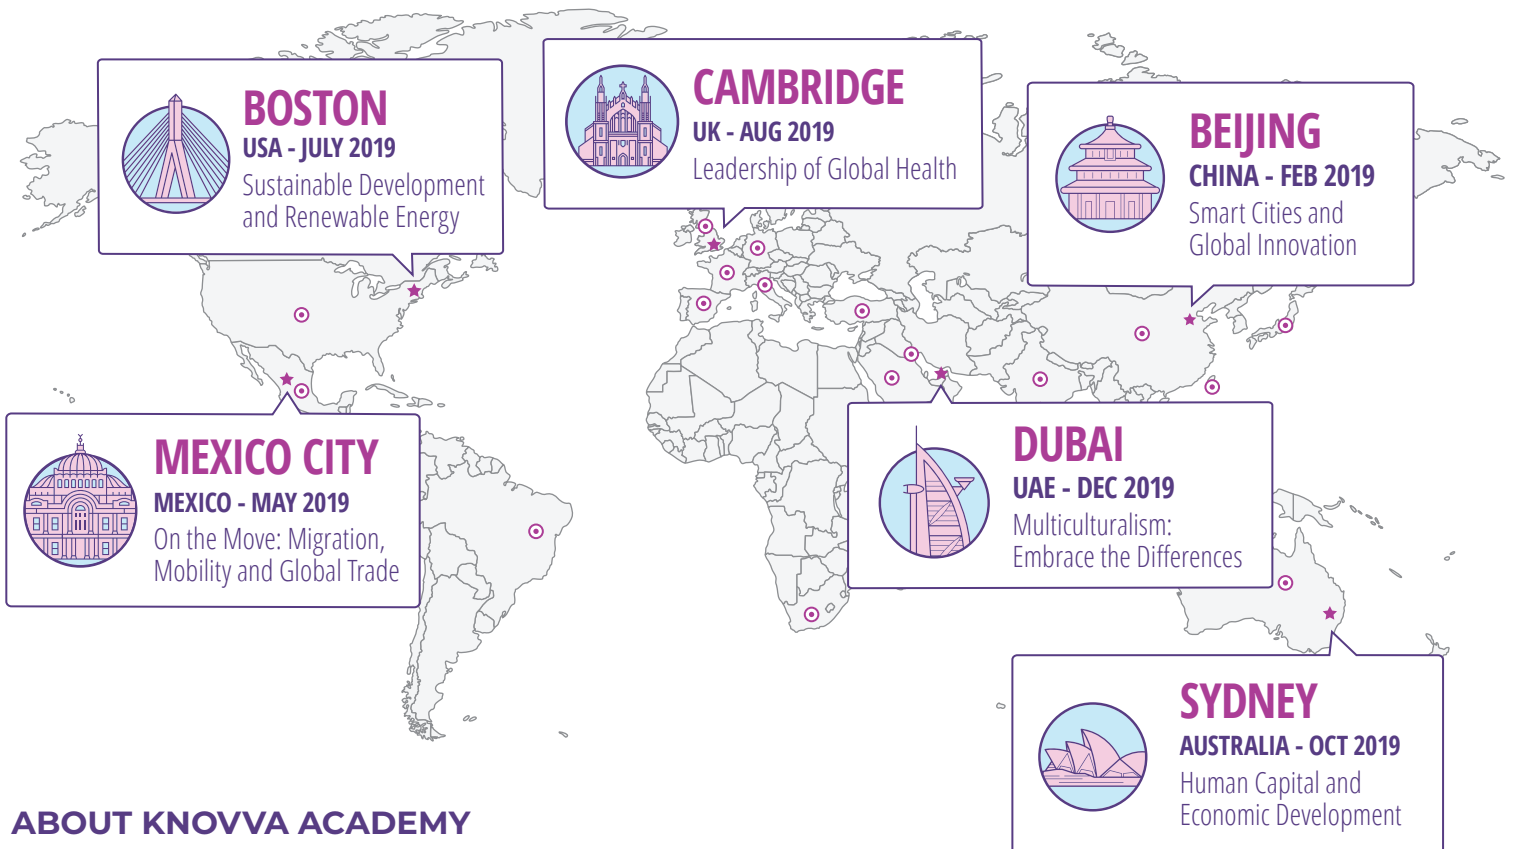

EXPERIENTIAL LEARNING

Model G20 enables participants to face real-world challenges and fosters real-life relationships with peers from around the world.

GLOBAL COMMUNITY

To keep learning and relationships thriving long after the summit's end, Model G20 has a vibrant online and in person community, fostering cross-cultural understanding and global citizenship.

UPCOMING MODEL G20 SUMMITS

ABOUT KNOWVA ACADEMY

Knovva Academy's signature offerings connect top students from around the world with visionary educators, experts, and innovators to gain skills critical to 21st century leadership. From world class online courses to five-day intensive simulations and two-week immersion programs, Knovva Academy students break down cultural barriers so they can live in a world without them.
