

## **Position: Tech Lead/Senior Developer**

Are you passionate about education and technology? Do you thrive in an entrepreneurial environment? Do you love to work on groundbreaking platforms? Then we are looking for you.

### **About Us:**

Knovva Academy is at the forefront of changing the way teens interact with education and the world around them. We are dedicated to build a global blended learning ecosystem by creating the most exciting global education programs and online courses. We're working to build tomorrow's world leaders and we need some of the best on our team to grow with us and help us continue to expand our reach, perfect our programs and create lasting relationships with the educational community.

If this sounds like an amazing place to work already, there's much more. We are a entrepreneurial startup that nurtures our talented employees with great benefits and opportunities to grow both personally and professionally. Knovva academy is a passionate work environment with an international atmosphere and a welcoming staff. On top of our competitive salary and benefits, we also offer global snacks, Summer Fridays, group outings and many more perks to come. Knovva's core belief in the importance of diversity and open mindedness is reflected in both the programs and in its work space. Knovva is located in Boston's innovative Seaport District.

If you're ready to use your skills to help shake up the education world, Knovva Academy is the place for you.

### **Position Overview:**

Why join our team? You'll have the opportunity to work on groundbreaking and dynamic learning platforms powered by innovated Machine Learning with content from some of the world's best educators. This candidate will be someone who will lead a team of highly collaborative and incredibly smart engineers who will help push each other daily to grow professionally and personally. They will be someone who takes initiative and is willing to go the extra mile to deliver the best results.

### **Essential Duties:**

- Delivering high quality production level ready source code.

- Mentoring and guiding junior developers.
- Conducting code checks on others developers' pull request.
- Collaborating with the Product Manager to make sure that the clientele and shareholder's needs are being met

### **Qualifications:**

- Bachelor's Degree is required.
- 8+ years as a Full Stack Developer, experience being a Tech Lead or managing others is a plus
- Knowledge of various AWS services including DynamoDB, Lambda Function, CloudFormations, AWS Security, and SNS is required
- Strong HTML5, CSS & SCSS or SASS experience
- Adept with any Javascript MVC/MVVM framework (preferably React)
- Javascript unit testing (Jasmine, Jest, Karma)
- Python or Node.js server side development
- API/Web services development experience
- Solid understanding of OOP principles
- GraphQL and NoSQL is a plus

***Please note this job description is not designed to cover or contain a comprehensive listing of activities, duties, or responsibilities that are required of the employee for this job. Duties, responsibilities and activities may change at any time with or without notice.***

*The **Tech Lead/Senior Developer** is a full-time, salaried position based in Knovva Academy's office in the Seaport neighborhood of Boston. **This is not a remote position.** Salary is competitive and commensurate with experience. Extensive travel is not expected in this position. **Sponsorship is being offered at this time.***

### **EEO Statement**

*We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, gender, national origin, age, genetic information, creed, marital status, sexual orientation, gender identity, disability status, protected veteran status, or any other protected status as defined by federal, state or local law.*

**To apply:** please submit your résumé along with a cover letter to [careers@knovva.com](mailto:careers@knovva.com). Applications without cover letters will not be considered. No phone calls, please.
